

We've made a few changes

To help make dining with us as safe as possible:

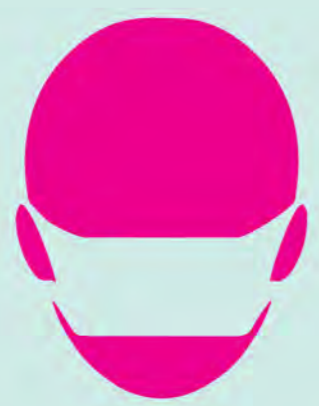

Stay at least
1 metre apart

Help yourself to
hand sanitiser

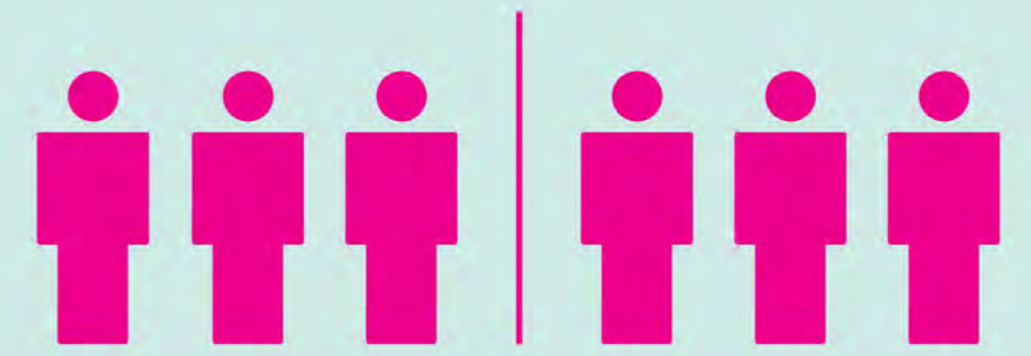

Don't enter if you
are feeling unwell

Our staff will be
wearing face masks

Be patient and considerate
to all while you dine

We can accommodate
two households per table

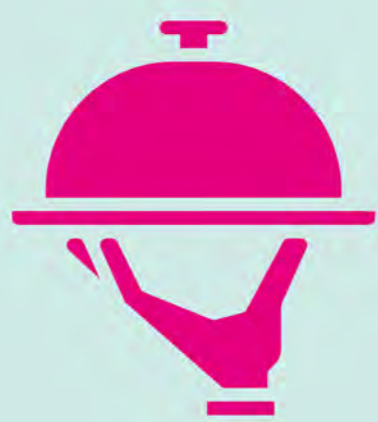

We will ask for your
contact details at reception,
so we can comply with the
government's Trace &
Track scheme

We're allowing fewer guests and
tables than usual to maintain
social distancing, so there may
be a small queue

Our menus have been
quarantined or are
disposable; and you can
view them online too

Limited staff will
serve each table

Tables and chairs will be
cleaned thoroughly with
sanitiser between each use

Our staff have undergone
extensive training in working
in a Covid Safe workplace;
which includes extra
handwashing and sanitising,
and social distancing
